## How to Log Your Class Out of a Session when using Shared Devices

**When is this tool useful?** If you are using shared devices, or if your students often forget to log out before moving on to their next activity, this tool allows you to log your entire class out of Clever at once. This will prevent students from logging in to the wrong account.

1. Go to the <http://www.clever.com/in/nyc> and log in using your Employee ID number.
2. Click on your Teacher Page under **“Pages”** on the landing page:

3. Click the **“Classroom tools”** button on the left side of the screen:

4. Select the **“Log out all students”** option:
