

Meet your new hands-free TG!

Science time just got a whole lot easier. With our new Classroom Slides, you can put down the Teacher’s Guide and focus on what matters most—your students. Plus, with Classroom Slides, lesson prep is as quick as a click!

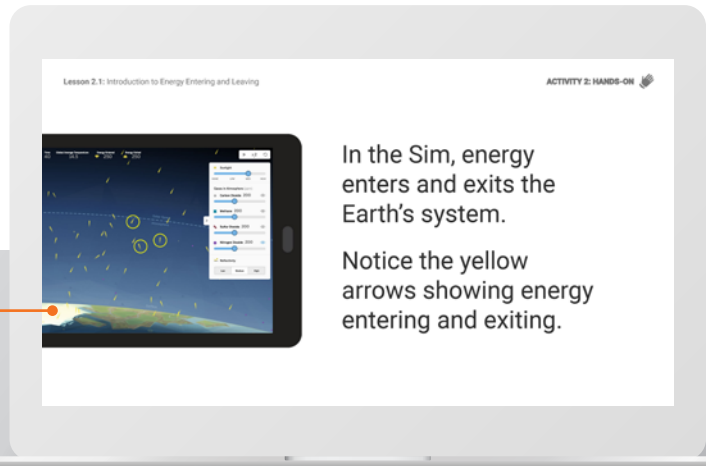

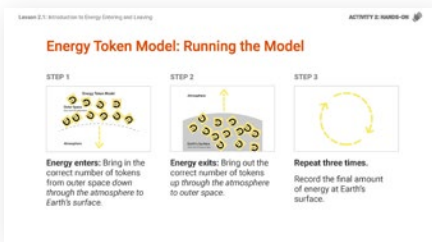

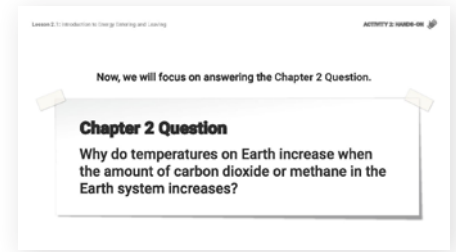

Classroom Slides are:

- Available for back to school 2020–2021, for grades 6–8.
- Downloadable for offline use, which means no more sweating unreliable internet connections.
- Streamlined for easy lesson delivery, including lesson visuals, activity instructions and transitions, animations, investigation setup videos, technology support, and more.
- Fully editable, allowing you to incorporate your own flavor, flair, and favorite resources.

The notes section of most slides includes suggested teacher talk, teacher actions, potential student responses, and assessment supports. The first slide of each file includes links to relevant resources in the digital Teacher’s Guide.

Earth's Changing Climate

Classroom Slides include:

- Support for activities with Sims and digital modeling tools.
- Student Investigation Notebook page references.
- Classroom wall materials references.
- Embedded videos.
- Hands-on activity supports.
