

Spanish supports in Amplify Science

We know equity is a priority for you, so it's one of ours, too. Below you'll find a list of Amplify Science resources available in Spanish to support English Language Learners and dual-language classrooms.

All student-facing resources, and all instructional resources that teachers say to students (e.g. “teacher talk” moments within the Instructional Guide) are (or will be) available in Spanish.

Student-Facing Spanish resources

- Student Investigation Notebook
- Student Books
- Digital Library with Audio (available back-to-school 2020)
- Classroom Wall print materials
- Digital Simulations (available back-to-school 2020)
- All program assessments
- Classroom Slides (available back-to-school 2020)

Teacher-Facing Spanish resources

- Complete Lesson Guide
- Science Background
- All program assessments
- Classroom Slides (available back-to-school 2020)

Parent-Facing Spanish resources

- Grade Level NGSS Letter
- Unit at a Glance document (Unit 1 translated, all units available back-to-school 2020)
- Books in this Unit document (Unit 1 translated, all units available back-to-school 2020)

Benchmark Assessments are for grades 3-8, reside outside the program platform, and are still undergoing efficacy testing to assure validity and reliability.
