

Professional Learning Workshop

Los Angeles Unified School District

Title: Amplify Science Remote Learning Presentation (Grades 6-8)

Session Description: In this session, participants will be introduced to the new Amplify Science Remote and Hybrid Learning Resources, @Home Units and @Home Videos. They will be guided through selecting the resource(s) that will best support their students in the upcoming school year. Participants will receive support from an Amplify Science professional learning specialist who will guide them through planning protocols.

Recommended Audience: Teachers who have attended an orientation training

Series Outcomes

Participants will be able to:

- Select the Amplify Science@Home resource that best fits their instructional context
- Internalize tips and strategies for remote and hybrid instruction using Amplify Science@Home
- Plan how to leverage Amplify Science@Home resources in a remote setting for back-to-school
