

Amplify Science

Amplify Science Professional Learning Workshop

Title: Guided Internalization with @Home Resources (grade-specific)

Audience: LAUSD elementary school teachers

Time: 3 hours

Description: Teachers will be guided by an Amplify Science Professional Learning Specialist to use the unit internalization protocol to internalize their upcoming unit. Participants will apply their new understanding to determine which @Home Resources best meet the needs of their instructional context and provide their diverse students the most robust experience in figuring out the unit phenomenon. Teachers will leave with a multi-day plan for implementation.

By the end of this segment, teachers will be able to:

- Leverage your understanding of the launch unit to make instructional decisions about remote learning using the Amplify Science@Home resources.
- Develop a multi-day plan for using @Home Resources within your class schedule, and instructional format.
