

Professional Learning Workshop

New York City Department of Education

Title: Teaching with Technology (Grade-Specific, K-5)

Session Description: In this 1-hour session, teachers will explore strategies to design classroom structures conducive to digital learning with Amplify Science. Teachers will investigate strategies for using Amplify Science @Home Resources to foster a culture of student ownership, while building digitally-responsive classroom routines.

Recommended Audience: Teachers who have attended an orientation training

Session Outcomes

Participants will be able to:

- Apply a 3-step method for utilizing the Amplify Science @Home Resources, the Teacher's Guide lesson brief, and third party applications in order to prepare to effectively teach in a remote & hybrid instructional setting
- Develop a remote & hybrid instructional best practices tool-kit

Agenda
