

**Amplify Science**

## **Amplify Science Professional Learning Workshop**

**Title:** Guided Internalization with @Home Resources (grade-specific)

**Audience:** LAUSD elementary school teachers

**Time:** 90 min for Part 1; 90 min for Part 2

**Description:** Teachers will be guided by an Amplify Science Professional Learning Specialist to use the unit internalization protocol to internalize their upcoming unit. Participants will apply their new understanding to determine which @Home Resources best meet the needs of their instructional context and provide their diverse students the most robust experience in figuring out the unit phenomenon. Teachers will leave with a multi-day plan for implementation.

By the end of the part 1 session, teachers will be able to:

- Explain the science concepts students will figure out in your upcoming unit
- Describe the unit's anchor phenomenon and key activities students will use as evidence in explaining the phenomenon
- Navigate to @Home resources when they become available

By the end of the part 2 session, teachers will be able to:

- Leverage your understanding of the upcoming unit to make instructional decisions about remote learning using the Amplify Science@Home resources.
- Develop a multi-day plan for using @Home Resources within your class schedule, and instructional format.

### **Agenda: Part 1**

- **Framing the day**
  - Workshop goals
- **Amplify Science Instructional Approach: K-2**
- **Unit internalization**
  - Unit-level internalization using the Unit Guide
  - Chapter-level internalization using the Unit Guide
  - Key activities and routines
- **Program Hub**
  - Locating @Home resources
- **Closing**
  - Questions & Reflection
  - Survey/Feedback
