

Amplify. on Schoology

2021-2022

LAUSD educators can access all Amplify products from one app on Schoology. Once the app is installed/added to your Schoology account, one click will take you to my.amplify.com

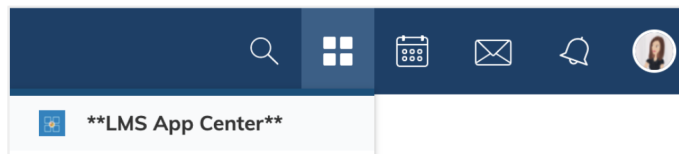

What do you need to know?

Last year's Amplify apps might still be in your Schoology left navigation and they still work.

This year, teachers and students will only need the one Amplify app for all of the Amplify products your site is licensed to: mCLASS assessment, mCLASS reporting, Amplify Reading, mCLASS Math, Fractions, CKLA, Amplify Science.

How do I install/add the app to my Schoology account?

Locate the "waffle" at the top right and select LMS App Center.

More info- [LMS App Center](#)

Grade Sync- [Help Article and Video](#)

Search for **Amplify** and the available apps will appear.

LMS App Center

The LMS App Center provides a catalog of District-approved digital content and learning tools (including digital components of adopted textbooks) that are available for classroom teachers and students to access within the learning management system, Schoology.

For information on District-approval policies and procedures, please visit: utlpp.lausd.net.

- To search the full list of digital learning tools, click "Submit".
- To search by Publisher Name or Textbook Title, type in a word associated to your adopted publisher, then click "Submit".
- To narrow your search with filters such as Content Area, Grade Level, or Content Type, select from the dropdown menu, then click "Submit".

To learn more about using the LMS App Center, please refer to the following video overview.

Amplify

Content Area	Grade Level	Content Type	Integration Type	Purchase Type	Other Info
ELA	ES	Supplemental	App (Left Navigation)	District and School	Other Info: School licenses required
ELA	ES	Supplemental	App (Left Navigation)	District and School	Other Info: School licenses required
ELA	ES	Supplemental	App (Left Navigation)	District and School	Other Info: School licenses required

Amplify Classwork
