Up, Up, and Away: The Age of Aviation

Activity Book

This Activity Book contains activity pages that accompany many of the lessons from the Teacher Guide for Knowledge Research: *Up, Up, and Away: The Age of Aviation*. The activity pages are organized and numbered according to the lesson number and the order in which they are used within the lesson. For example, if there are two activity pages for Lesson 4, the first will be numbered 4.1 and the second 4.2. The activity pages in this book do not always include written instructions for students because the instructions would have words that are not decodable. Teachers will explain these activity pages to the students orally, using the instructions in the Teacher Guide. The Activity Book is a student component, which means each student should have an Activity Book.
