

SAVE TIME PLANNING, SPEND TIME ENGAGING

# Amplify CKLA with Interactive Classroom

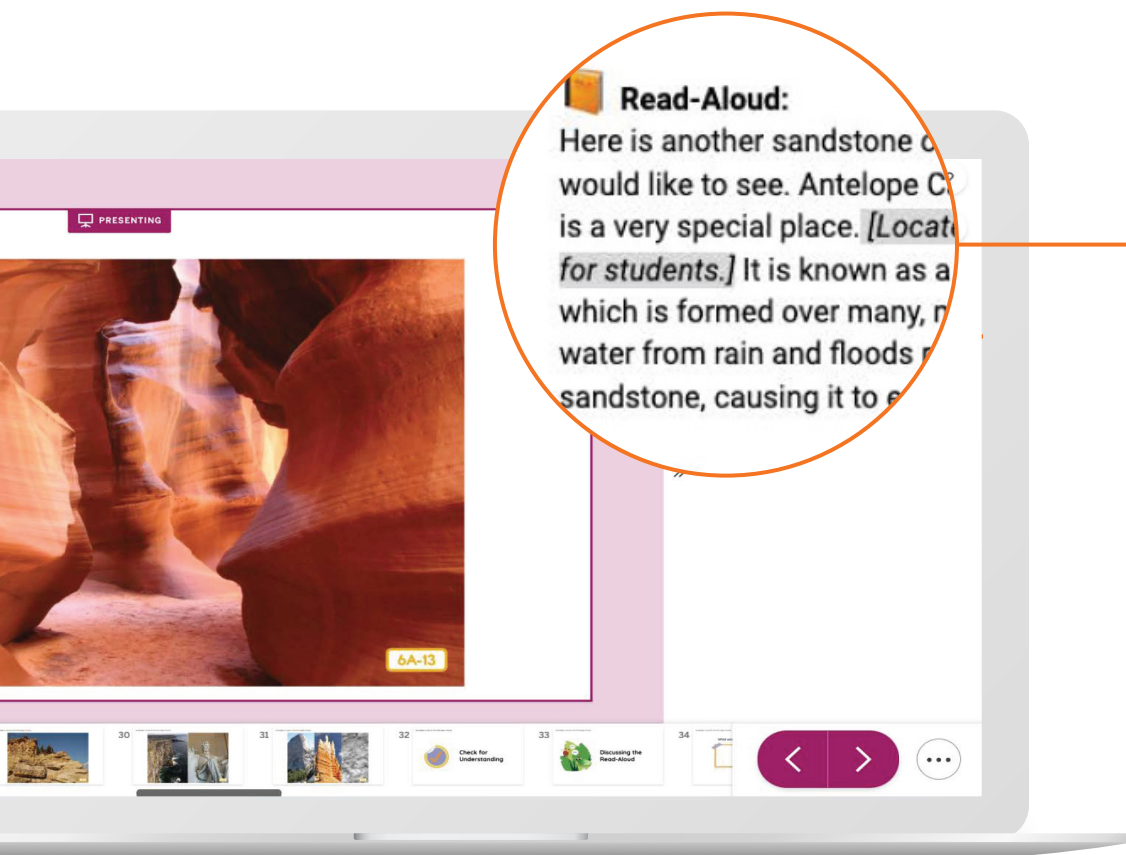

# Introducing Interactive Classroom

A slide-based experience for your elementary classroom

**Amplify CKLA with Interactive Classroom offers a robust digital experience that enhances instruction while saving you time.**

Educators like you have become masters at using technology to plan, present, and engage with your classroom—but incorporating various digital tools into instruction is time consuming. You want digital tools that seamlessly integrate with your core curriculum to help you quickly and effectively plan and deliver instruction.

The top-rated content of Amplify Core Knowledge Language Arts (CKLA) is now live on the new Interactive Classroom. With Interactive Classroom, everything you need is all in one place, making it easier and more engaging than ever to plan lessons, present digital content, and review student work.

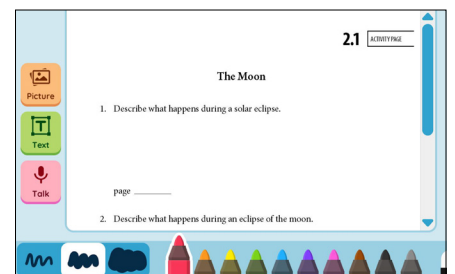

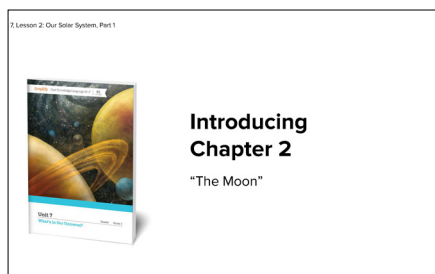

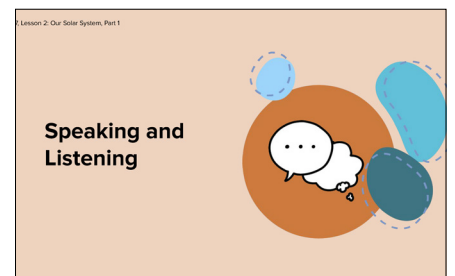

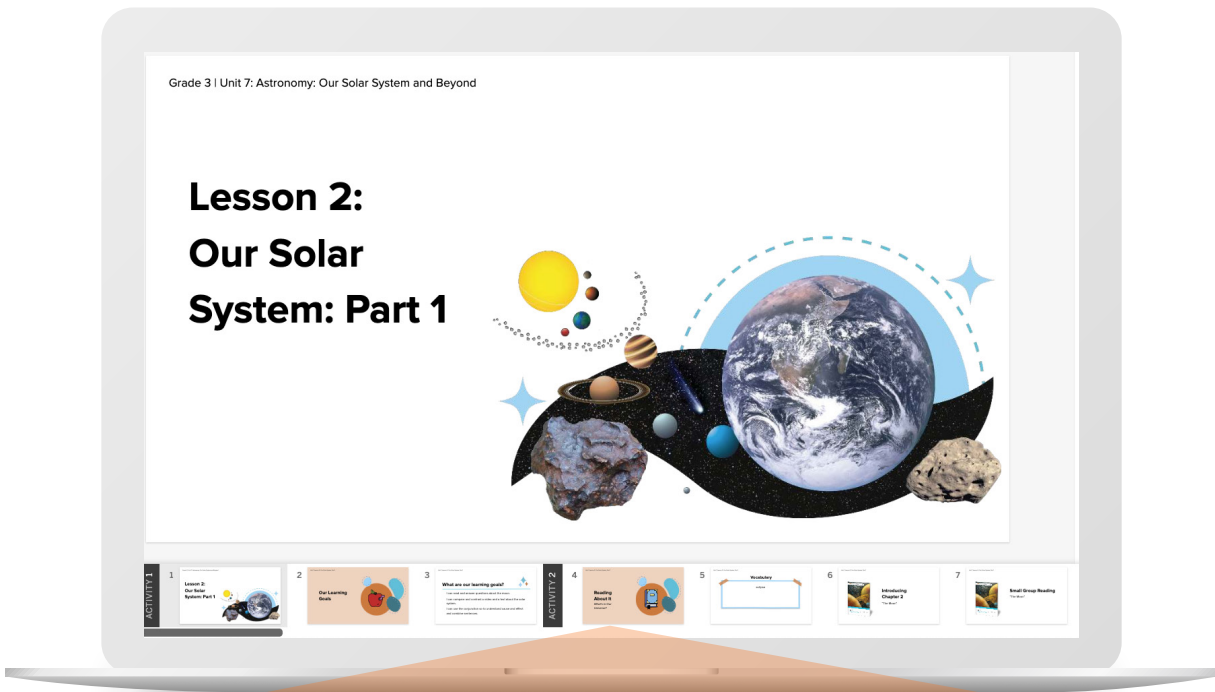

## Teacher prompts and guidance

All of the teacher guidance from the print Teacher Guides are pre-loaded into the Interactive Classroom lesson presentation slides.

# Simplify planning and instruction

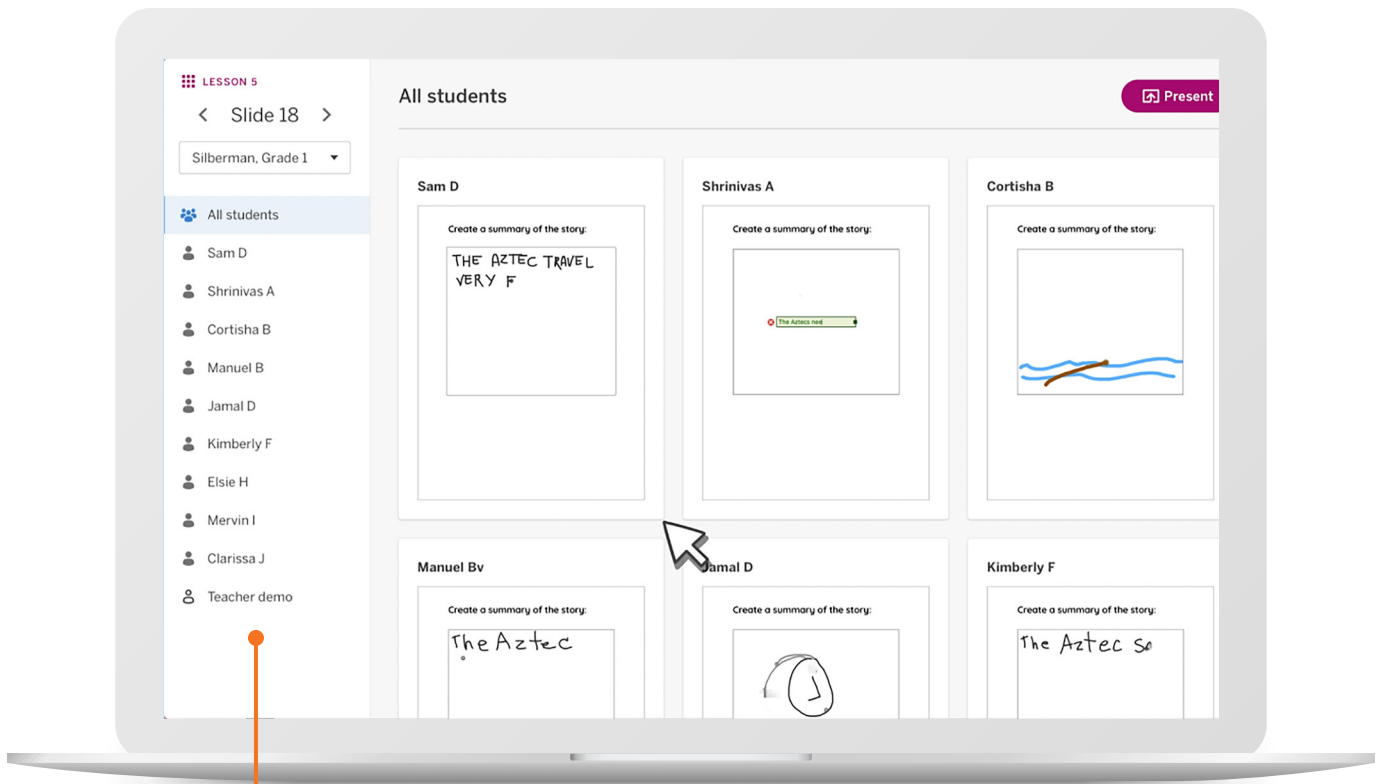

With Interactive Classroom, teachers have access to ready-to-use and customizable lesson presentation slides, complete with all the prompts from the print Teacher Guide embedded in the teacher view. As teachers deliver each lesson, students can engage with the content in one cohesive experience—through Activity Books, slides, digital components, videos, Student Readers, and more.

## Get real-time insights into your students' work

The innovative live review tool found in Interactive Classroom enables you to keep an eye on all of your students as they work on drawing, recording audio, uploading and capturing images, and typing or writing in pre-placed textboxes in their Activity Pages.

This dynamic tool provides countless classroom management benefits, enabling you to spot and correct common mistakes as they're happening, praise your students for thoughtful work, and identify students who are not engaged in the task at hand. Simply put, it will give you those valuable "eyes in the back of your head" you've warned your students about!

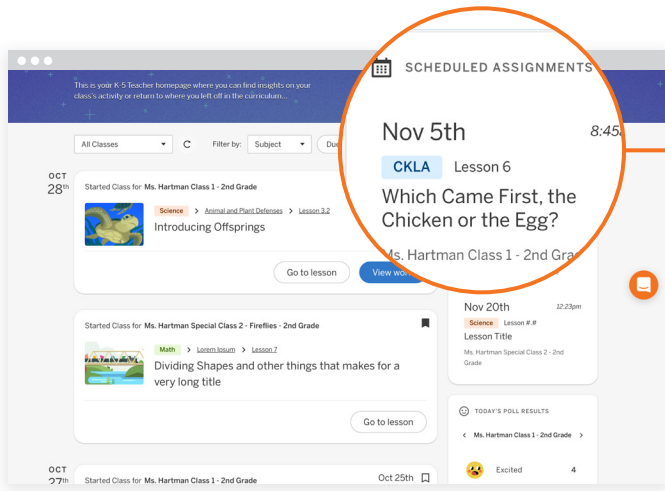

### Real-time student review

Monitor how all of your students are doing on an activity, whether they have shown mastery, need extra guidance, or haven't even started!

# Your teacher command center

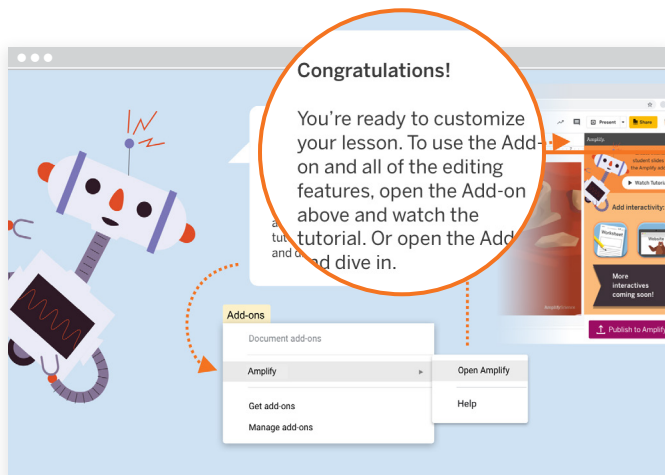

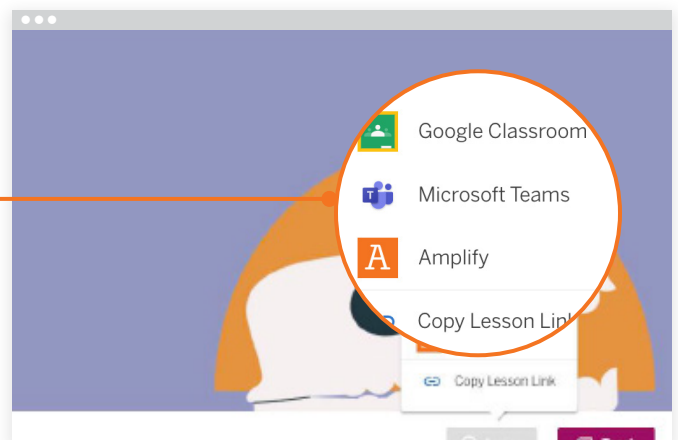

Interactive Classroom provides you with the tools you need to ensure a productive digital experience that's personalized to meet your students' needs.

**Intuitive Teacher Home**  
Interactive Classroom's Teacher Home is your one-stop shop for launching lessons and tracking student assignments.

## LMS integrations

Interactive Classroom integrates with various LMSs, allowing you and your students to access Amplify CKLA with the software you're already comfortable using.

**Easy to customize for your particular classroom**  
Create, modify, and publish custom lesson slides and activities to customize your Interactive Classroom experience and better meet your class's needs.

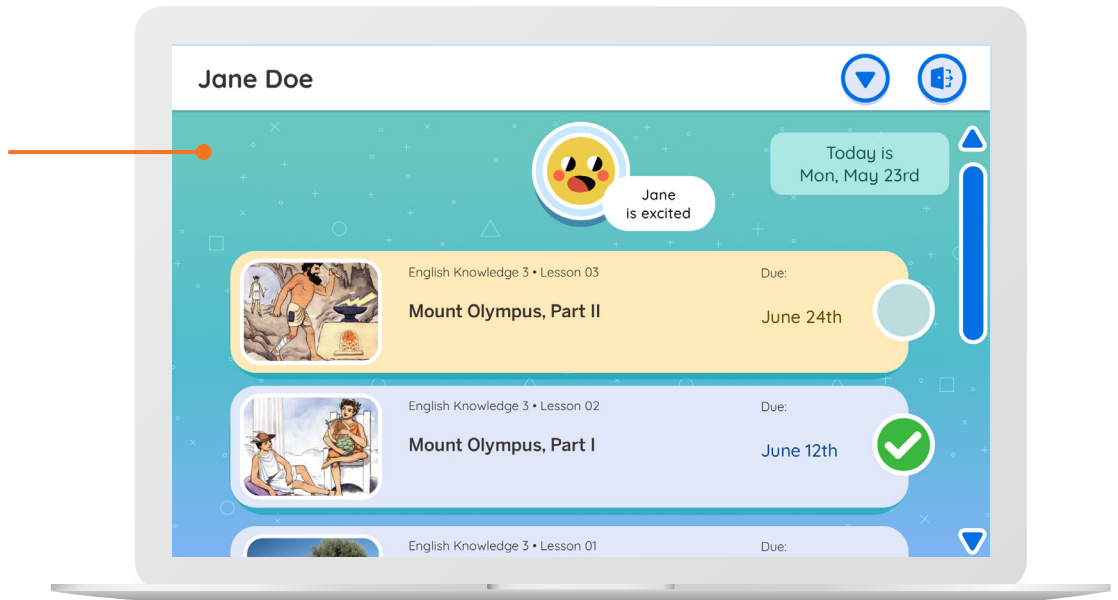

# Engage your students with one easy-to-use access point

With Interactive Classroom's Student Home, your students have one intuitive access point to fully engage with classroom instruction.

Through the Student Home, students can easily access digital lessons with slides, Activity Pages, ebooks, videos, and other interactives from one simple dashboard. Students can draw, record audio, upload and capture images, and type or write in pre-placed text boxes in their Activity Pages.

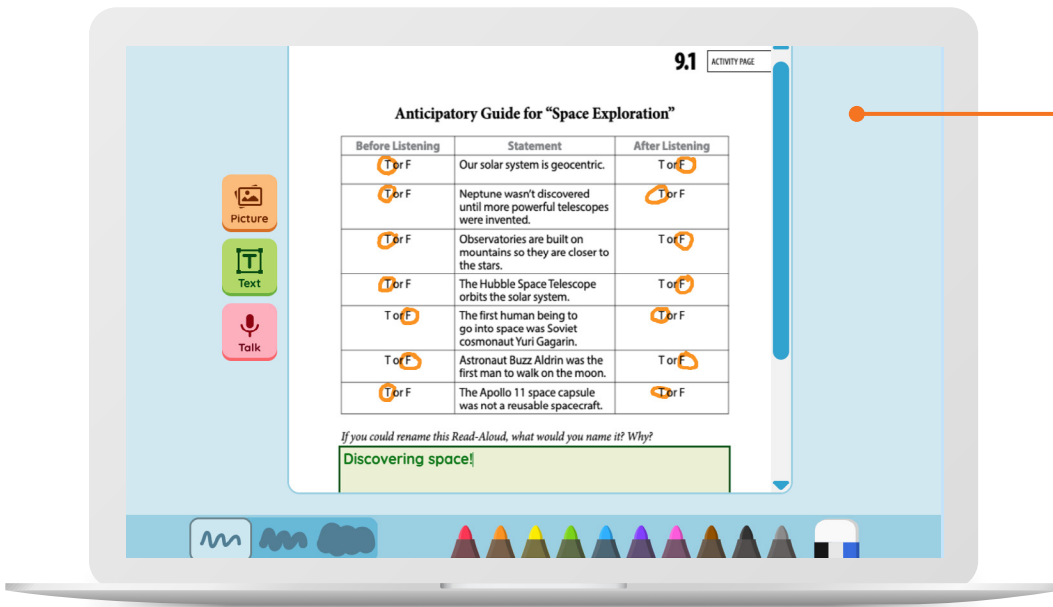

## Student Home

Students begin each day by sharing their current mood, enabling you to keep your fingers on the pulse of the classroom.

## Student activities

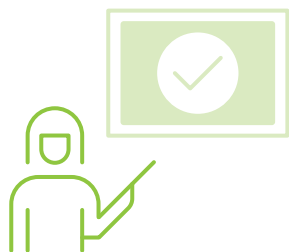

Students will engage with activities throughout the lesson and submit their work digitally.

# Interactive Classroom: A fit for all Amplify CKLA classrooms

## Tech-light

Classrooms without student devices can still benefit from Interactive Classroom. Ready-to-go lesson slides will save you time (and robust customization features enable you to make them your own) while your students engage with instruction via print Activity Books and Readers.

## Blended

Enjoy the best of both print and digital with Interactive Classroom. Students can enjoy the magic of reading physical books with Amplify CKLA's Student Readers, while completing Activity Pages and submitting work within Interactive Classroom.

## Fully digital

Interactive Classroom offers you everything you need to teach Amplify CKLA with fidelity in a fully virtual learning environment. You'll get digital versions of every print Amplify CKLA resource along with unmatched supports for engaging with your students from near or afar.
