

Hello Families,

Happy New Year. We understand having your student at home is an adjustment. We have been working with your student throughout this school year, and Amplify would like to continue supporting your student with reading instruction throughout your transition to virtual learning. Your student has an Amplify Tutor and their tutor will continue to support them by meeting with your student at the regular scheduled time to provide consistency for learning. Your child has tutoring on the following days/time

Please find the directions needed for your child to access their tutoring sessions in the attached PDF. If you do not have access to a school issued device please use the following link to access tutoring: tutor.amplify.com and follow the instructions in the PDF.
