

QCD/IMET Citation guidance

	Citation phrase	Example image	How to get there
1	Grade [number], [<i>Unit Name</i>] unit		Log into learning.amplify.com using the provided reviewer credentials. Select the grade level listed in the citation from the drop down, then select the unit name listed in the citation.
2	Unit Overview page		Select any unit from a respective grade level page (see row 1)
3	Unit Overview		Navigate to the respective unit's Unit Overview page (see row 2), then select the Unit Overview section within the menu on the left-hand side.

<p>4</p>	<p>Resource title (under Printable Resources)</p>		<p>Navigate to the respective unit's Unit Overview page (see row 2), then select the Printable Resources section. Click on the respective resource(s) (which will be bolded in the citation).</p>
<p>5</p>	<p>Resource title (under Planning for the Unit)</p>		<p>Navigate to the respective unit's Unit Overview page (see row 2), then expand the Planning for the Unit section within the menu on the left-hand. Select the respective resource(s) (which will be bolded in the citation) from the submenu underneath Planning for the Unit.</p>
<p>6</p>	<p>Resource title (under Teacher References)</p>		<p>Navigate to the respective unit's Unit Overview page (see row 2), then expand the Teacher References section within the menu on the left-hand. Select the respective resource(s) (which will be bolded in the citation) from the submenu underneath Teacher References.</p>
<p>7</p>	<p>Lesson [number]</p>		<p>Navigate to the respective unit's Unit Overview page (see row 2), then scroll to our select Chapters from the left-hand menu. Scroll within the Chapters section to find the lesson listed in the citation, then select it to open the lesson.</p>

<p>8</p>	<p>Lesson [number], Overview Materials & Preparation Differentiation Standards</p>		<p>Navigate to the lesson (see row 7), then select the specified section of lesson information from the left-hand menu.</p> <p>Note: if the lesson is listed by itself, all of the lesson information should be reviewed, including all activities (see row 10).</p>
<p>9</p>	<p>Resource title (under Digital Resources)</p>		<p>Navigate to the lesson (see row 7), then select the specified resource from the Digital Resources area on the right-hand side.</p>
<p>10</p>	<p>Lesson [number], Activity [number]</p>		<p>Navigate to the lesson (see row 7), then select the activity in the Activity Ribbon under the lesson image. Scroll past the Instructional Guide to see what students will experience on the student platform. When an activity has multiple steps, click through each of them using the numbered buttons at the bottom of the page.</p> <p>Note: if no activity is specified in the citation, all activities should be reviewed.</p>

			
<p>11</p>	<p>Lesson [number], Activity [number] (including Teacher Support notes)</p>		<p>Navigate to the listed activity's section of the lesson (see row 10), then click the Teacher Support tab.</p>
<p>12</p>	<p>Lesson [number], Activity [number] (including Embedded Formative Assessment information)</p>		<p>Navigate to the lesson (see row 7) and activity (see row 8), then select the Embedded Formative Assessment button with the hummingbird icon. Click on the On The Fly Assessment button to view assessment interpretation information.</p>

			
<p>16 Science Program Guide</p>			<p>Open the Programs & Apps menu (see row 13), then scroll to the Other Resources section and select the icon labeled Science Program Guide.</p> <p>Note: use the left-hand outline or the search bar to find the specific section you are reviewing.</p>
<p>17 PD Library</p>			<p>Open the Programs & Apps menu (see row 13), then scroll to the Other Resources section and select the icon labeled PD Library.</p> <p>Note: Select Amplify Science from Explore Programs.</p>

		 <p>The screenshot shows the Amplify Science website interface. At the top, there's a navigation bar with 'Amplify Science' and 'PD Library'. Below that, a large heading reads 'What is included in the program?'. Underneath, there are three columns of content: 'Welcome to the PD Library', 'Unboxing your materials', and 'Platform navigation'. A red box highlights a dropdown menu labeled 'What is included in the program?'.</p>	
18	Help	 <p>The screenshot shows the Amplify Science Help page. At the top, there's a header with the Amplify Science logo and the text 'Advice and answers from the Amplify Team'. Below that, there's a search bar. The main content area features three sections: 'Contact our Customer Care and Support team', 'Getting Started', and 'My Account Management'. Each section has a brief description and a link to view more articles.</p>	<p>Open the Programs & Apps menu (see row 13), then scroll to the Other Resources section and select the icon labeled Help.</p> <p>Note: use the left-hand outline or the search bar to find the specific section you are reviewing.</p>
